NOTICES AND EVENTS AT THTA

Great Fun at the Wine Tasting!

About 25 people (maybe more) showed up for the Wine Tasting at the Clubhouse October 4. Steve Arena was the sommelier (who knew his hidden talent?) and the Community Connections committee, who hosted the event, provided excellent edible accompaniment for the wine. Thanks to all for a lovely evening!

Creating an Emergency Preparedness for a Dog (and useful for other pets)

MudBay is a company working to “help dog and cat owners improve the health of their animals and increase the happiness owners experience in caring for their animals...”. I was given an information sheet about the above subject, prepared by MudBay. The Emergency Preparedness Committee is interested in providing the necessary information to residents about pet care and safety in emergencies, so stay tuned.

A taste of MudBay’s material: *“Information: Prepare two pet portfolios containing a recent photo of your dog, his name, your name, your home and cell numbers, the home number of a friend or relative in a different part of the country.”*

Emergency Preparedness and Landscaping committees are teaming up to tackle the very real problems underneath our feet—the water management pipes. Most of them are old (early 1970s) and have been impacted by tree roots and other difficulties. More information to come—it is extremely important that THTA begins to systematically address this issue.

Be There!

The next Board meeting, November 18, is particularly important—it is the meeting where each year we discuss the budget for the next year—in this case, 2025. We are facing some challenges and it would be wise to be in on the information and discussion as the Board grapples with the issues.
